and declassification

25X1

PAR 225

5 June 1964

SUBJECT: Microdensitometer Training Program

TASK/PROBLEM

1. Prepare and conduct training programs in the fundamentals of operation and the application of microdensitometers for photo interpretation.

DISCUSSION

2. This PAR has just been approved. Approval date was 28 May, 1964.

3. Preparation has begun to provide the limited training specified for this project so as to have the program capability in advance of the expected need. Dates now established for the first groups to begin training are 27 July, 3 August, and 10 August 1964.

4. Customer security personnel have advised that required clearances for participants will be taken care of prior to arrival for training.

PLANNED ACTIVITIES

5. Complete program arrangements and conduct limited and additional training as required by the customer.
